ZenaMetal

Metal Parts Protector ZENEX NUMBER 494475

DESCRIPTION

Seals out moisture and will not peel off with age. Protects against salt spray, rust and corrosion. Contains a unique amber flex dust that will expand and contract with all metal surfaces uniformly.

FEATURES AND BENEFITS

An excellent corrosion inhibiting formula that seals out moisture and will not peel off with age. Will even protect against salt spray, rust and corrosion. Contains a unique amber flex dust that will expand and contract with all metal surfaces uniformly to prevent cracking and peeling.

APPLICATIONS AND USES

Provides indoor and outdoor protection on all exposed metal parts, bearings, cables, chains, housings, jigs, precision machined surfaces, stampings and more. Use on ferrous and non-ferrous metals. Industrial rust preventative. Will not crack, peel, or chip. Has a flexible, protective film.

DIRECTIONS FOR USE

Shake can vigorously for one minute after mixing ball begins to rattle. Clean surface to bare metal. Spray even coat over entire surface. If needed, second coat may be applied in 5 minutes. Coating will set up in 2 to 3 hours.

SIZE / AVAILABILITY

20 oz. Aerosol
Net Weight 15 oz.
12 per case
